

Dual-Depth RF
for Total Dermal Remodeling

ELLISYS SENSE

ELLISYS SENSE

ELLISYS SENSE

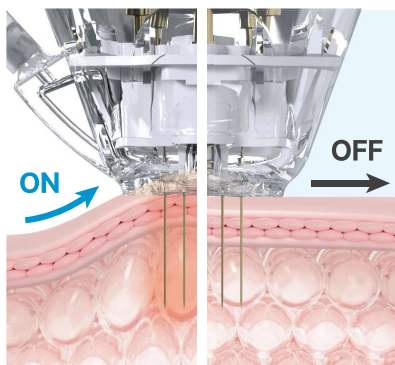

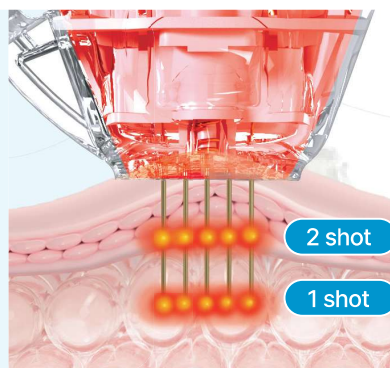

DOUBLE SHOT IMPACT IN A SINGLE SHOT

ELLISYS SENSE is a cutting-edge RF microneedling device that combines smart design, safety, and clinical efficacy. It stimulates collagen remodeling and visibly improves skin texture, tone, and elasticity—all in a single, efficient shot.

SMART DOUBLE SHOT . . .

Faster | More Precise Targeting | Visible Results

Delivers RF energy to two skin layers in a single shot—for deeper penetration, precise targeting, and visibly enhanced skin rejuvenation.

SMART VACUUM . . .

Precise Contact | Optimal Delivery

Ensures firm skin contact for accurate needle depth and consistent energy delivery—ideal for sagging areas such as around the eyes, lips, and neck.

CUSTOMIZED RF ENERGY FOR EVERY SKIN NEED

1 MHz

Deep penetration and Enhanced Collagen Stimulation
—Ideal for lifting, tightening, and treating deep wrinkles

2 MHz

Surface-level treatment and Smoother Skin Texture
—Perfect for acne, enlarged pores, scars, and skin texture refinement

SELECTABLE RF MODES

MONOPOLAR RF

Heats deeper layers to target pores, acne, and blackheads

BIPOLAR RF

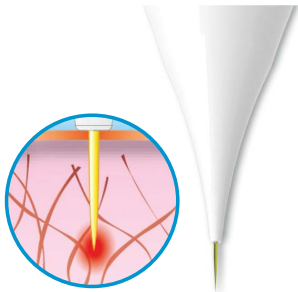

Delivers full-face firming by targeting the epidermis and dermis for precise contouring and surface rejuvenation

ELLISYS SENSE

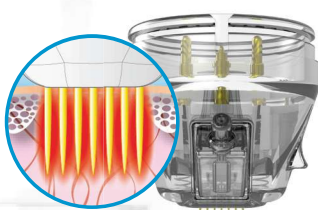

VARIOUS NEEDLE TIPS • • •

Best for Body: 36 PIN

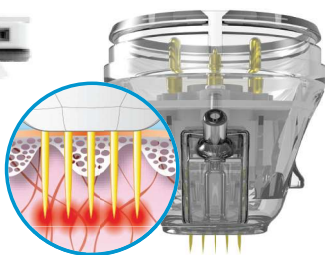

1 pin

- Needle Type: Insulated
- Max Depth: 5.0mm
- Indications: Acne, Periorbital Wrinkles, Lower Eyelid Fat, Syringoma, Milia, Enlarged pores, and Blackheads

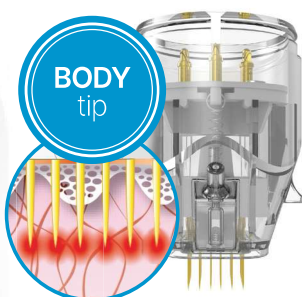

14 pin

- Needle Type: Non-insulated
- Max Depth: 3.5 mm
- Indications: Stretch marks, Around the eyes and mouth

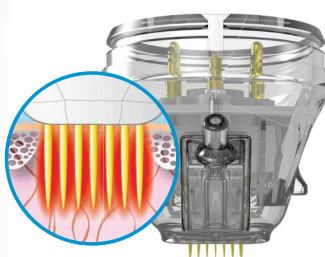

25 pin

- Needle Type: Insulated
- Max Depth: 3.5 mm
- Indications: Fine Wrinkles, Scars, Enlarged pores, Uneven skin tone, Loose & sagging skin

36 pin

- Needle Type: Insulated
- Max Depth: 7.0 mm
- Benefit: Deep tightening in Subcutaneous layer
- Indications: Abdomen, Arms, Thighs (body tightening & remodeling)

49 pin

- Needle Type: Non-insulated
- Max Depth: 3.5 mm
- Indications: Deep Wrinkles, Active acne and oily skin, Scars, Enlarged Pores, Loose & Sagging skin

Smart | Safe | Effective

ELLISYS SENSE

SPECIFICATION.

Model	ELLISYS SENSE (CWM-930S)
RF Level	1-10
RF Frequency	1MHz & 2MHz
Length	Max 5mm for Mono-polar / Max 3.5mm for Bi-polar Max 7.0mm for body
RF output time	10~900ms
Dimension	365(W) x 505(D) x 1555(H) mm
